

The first step in risk management is to acknowledge the reality of risk. Denial substitutes deliberate ignorance for thoughtful planning.

Charles Tremper, PhD
President AAHSA

I was excited about the Crime Scene Investigations field and meeting Steven Staggs in your wonderful program, Road Scholar. I spoke to a couple of higher ups in the LAPD, SID department. They highly recommended your Crime Scene Investigations Certificate program. I am happy with the education that I am receiving at UCR Extension.
