## Children and Youth

### Expanding Horizons

Calling all parents of eager learners and talented high-achieving and gifted children. Don't be left out, save the date for this summer's

#### Expanding Horizons July 20-31, 2009

Expanding Horizons is a special two-week academic enrichment program held at the UC Riverside Extension Center for eager-to-learn and gifted students in grades 3-7. Students will enjoy many enriching activities and explore academic areas in:

- **Math**
- **Spanish**
- **Art**
- **History (China)**
- **Economics**
- **Writing**
- **Drama**

We will also offer the popular Learning Skills Class, a Science Camp and a Math workshop.

To have your name added to our mailing list, contact: Eileen Johnson at youth@ucx.ucr.edu or call (951) 827-1655.

## Learning Skills, Grades 6-8

Increase efficiency by identifying how students learn and process information. Topics include time management, note taking, test taking, and developing organizational skills.

**Note:** Parents, please sign students in and out. Students will need to bring water and a healthy snack for break.

**Susan F. Kroeger, M.I.**, Rialto Unified School District
