

# EXPANDING HORIZONS 2018

## TECH UC

### Bring Your Video Game Concept to Life For Grades 7-12

#### Video Game Design Workshop

Get your game on in this weeklong summer workshop, and take your passion for video gaming to the next level. Build some foundational knowledge, then get hands-on with the creative and programming processes of designing art and content for your very own video game. From storyline development and designing characters in both 2-D and digitally, to integrating backgrounds, sound and special effects, you will bring your game concept to life. See where your creativity can take you.

Join us this summer!

#### UCR Extension Center

July 23 - 27
