CHANGE A CHILD'S FUTURE

Professional Certificate in Educational Therapy

Educational Therapy is a valued and high demand career choice for special education teachers, speech/language pathologists, counselors and others with degrees in related fields who are interested in making a difference in the lives of children and adults with learning disabilities. Educational therapists assist individuals to utilize their strengths, develop their academic abilities and enhance their social skills.

Individuals with disabilities that impact their academic learning and social behavior can benefit from the guidance of someone who is able to identify and address their needs and develop an action plan and support system that teaches them the skills they need to be better learners and to collaborate more successfully with others. That person could be you! Learn how to construct personalized intervention plans to help students become more efficient and productive learners and develop the perspectives they need to master school curricula. In addition, take away key intervention methods that will help working adults with the demands of vocational and professional advancement.
